# TIPS

Takes less time. Takes more time

Animation  
What type of Animation?

2D

or

3D

What software do I have in mind

Blender 3D

Adobe 2D

Flash

Pow-Toons 2D

Animaker 2D

Stop-Motion

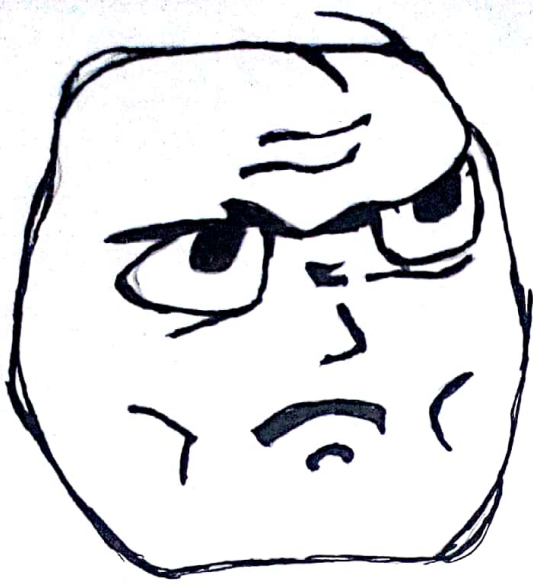

Draw things i love  
in a flip book or  
a book and film it  
or draw it frame  
by frame.

Blender <sup>3D</sup>

I Want to use a 3D software which  
was free but When I started  
the process was too complex for  
me and there wasn't any time

POW-TOONS

Pow-Toons looked too  
childish for me I wanted  
something more captivating  
and something fun.

I wasn't enjoying Assignment 2  
So I complained to Mr. Charles  
and Mrs. Fu and they  
explained the process to  
me

I had then narrowed my Options into  
it was either which made it  
Meme idea Easier

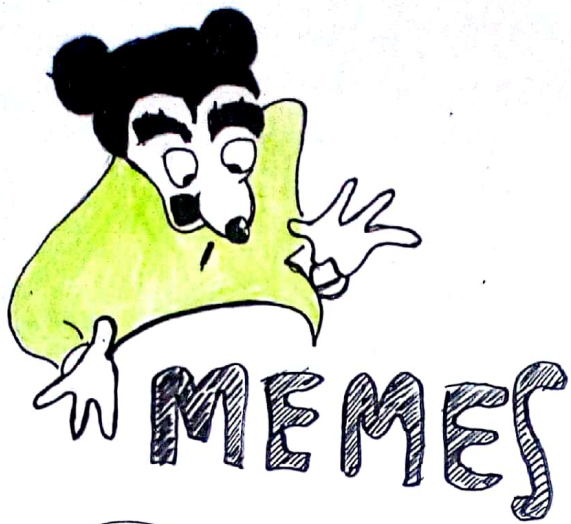

OR

Animation idea  
was Scrapped  
because I  
didn't really know  
how to use the  
software

Time Lapse

- Nature
- Sports
- Traffic
- Scenery

Basically  
Meme + FID experience  
= An Idea.

Must have  
Humor

**FID**

Both  
Good &  
Bad

My experience in FID  
Program so far.

Outcome is a  
Hitler Rant meme  
Ranting about  
my experience  
in FID

**HITLER MEME**

# HITLER MEME

Platform: Youtube 

## Plan or Steps

1. Write down script
2. Download the meme into laptop 😊 obviously.
3. Edit it to my liking and change a few things
4. Finally make some finishing touches and post

Software Used : Camtasia

# Initial idea

## Sports Time Lapse

Plan

- Play some football do some Juggling

- Play with some friends and show off skills.

- Edit the footage to my liking.

Play → Edit → Post

# Problems I Faced

## • Equipment

Reason

I needed a good camera, my phone's camera quality wasn't that good.

## • Time management

Reason

I couldn't focus on one idea so most of my time got wasted on nothing

## • Lack of motivation

I wasn't enjoying Assignment 2 so I wasn't really putting the effort

# Reflection on the Assignment

This project or Assignment was fun and very frustrating for me but I enjoyed every aspect of it, ranging from finding the perfect way to execute the assignment to just having fun and brainstorming that is

What ETS is all about well atleast to me thats my personal view.
